For Immediate Release:

Announcement from the Tribal Council regarding responsible pet ownership.

For the safety of the community, you are reminded:

Pet owners must follow all rules in The Omaha Tribe of Nebraska's Title 9. Animal Control.

Recently there have been dogs seen running loose in the Community.

There have been dangerous dog attacks reported and documented in the community.

Residents are encouraged to report loose and dangerous dogs to Animal Control at 1-402-837-4518.

Pet owners are reminded:

You must license and register your pets with animal control.

Pets must be leashed or properly restrained on public AND private property.

Any pet found running loose will be confiscated and the owners will be fined.

Any owners whose pets behave in a vicious, dangerous or threatening manner without provocation on public AND private property will be fined and the dog may be confiscated immediately by animal control.

It is a danger to our children, elders, and other vulnerable persons in our community to have dogs running free and forming packs on the Reservation. Do your part to help keep our community safe!
